

EPA CERTIFICATION Lead Renovator Workshop

Registration begins at 7:30 am
Class 8:00 am — 5:00 pm
\$270 NABA Members
\$300 Non-members

Presented by Lake States Environmental

The Environmental Protection Agency has published a new lead paint rule that will require an 8-hour certification course. Under the rule, beginning in April 2010, contractors performing renovation, repair and painting projects that disturb lead-based paint in homes, child care facilities, and schools built before 1978 must be certified and must follow specific work practices to prevent lead contamination. Attend this session to become certified, compliant, and learn job site and reporting requirements. Course materials and lunch will be provided as part of the registration fee. Must have state issued photo id (drivers license) with you to register.

SPACE IS LIMITED to a MAXIMUM of 24 PARTICIPANTS

8.0 ceu Department of Commerce Approved: Dwelling Contractor Qualifier

REGISTRATION IS REQUIRED—DEADLINE IS March 1st
