To:  
Previous Scholarship recipients

Dear Scholarship students,

I hope that this letter finds you well and that you are still forging through your studies in the trades!

The Northland Area Builders Association has determined that there have been years that we have either exceeded our fundraising goals or have little or no eligible graduating students applying for our scholarships leaving us with extra funds.

With that being said, I am reaching out to you with an application to fill out if in fact you are still continuing your schooling in the trades. These can be submitted to your High School for processing. All checks will be disbursed through your High School Scholarship Fund program.

Along with the possibility of receiving another scholarship, I would also like to inform you that the Wisconsin Builder Association(WBA) and the National Association of Home Builders(NAHB) both offer NABA the opportunity to create one or both support programs for the youth. WBA has a Student Chapter program with NAHB having the Young Professional program. I would be pleased to get one or both started within our association. Please do not hesitate to contact me at all if you are the least bit interested!

We look forward to working with you as you venture through establishing your occupation in the trades!

Sincerely,

Jodi Longtine  
Executive Officer
